Something to do with Credit Cards	specifically pokemon cards	business cards	UCSD/CSE Professor Card Collector	Tarot card relationships -mei
Football/Spo rts cards	Wallet	akinator for ucsd professors		Contacts cards -mei
Sport cards like FIFA cards	to put a photo into a card	WOW		Cards against humanity but with CS concepts - Kevin
App to teach magic tricks	naruto game			

Pros and Cons of each idea

FlashCards

Pros:

- Reuse code from warm up
- Familiar, lots of references online (Quizlet)
- Simple to implement

Cons:

- Very small scope for a project
- Single-purpose aspect --> less functionality

CSE Card Collector

Pros:

- Creative idea tying to the course themes
- Fun to implement, caters to UCSD students (our peers)
- Partial reuse of warm-up code for easier development

Cons:

- Visual assets might take a while to make
- Vast research on the number of CSE Profs

Tarot Cards

Pros:

- Uniqueness in visual aspect and idea

Cons:

- Double-edged sword in sense of the scope being free in a creative scope, might lead to complications

Wallet App

Pros

Pros:

- Ctrl+F for gift cards

Cons:

- Security

Voting Results

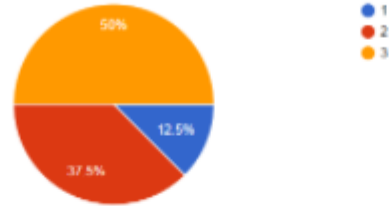

For Voting:
3 - Most interested in for project
1 - Least interested in for project

Most votes so far leaning towards both CSE Professor Card Collector and Flashcards together

The general vote was in favor
of:
CSE Professor Card Collector
and
Flashcard

TA'S NOTES:

- Said she loved the idea of the card collecting and thinks it is unique and creative!
- Encouraged us to prioritize the card aspect more, as many others will also be doing flashcards
